

## Sumec Phono Solar Diamond Dealer

Network Solar Integrator

Company Name: .....

Company Address: .....

### SUMEC Australia Pty Ltd ABN34 622 403 481 ("SUMEC Australia") appoints

as a member of the **Sumec Phono Solar Diamond Dealer Network** and herewith offer installation completed after July 15th, 2019 of the Phono<sup>®</sup> Solar module in Australia, a 15 year product warranty together with the 25 year performance warranty. Sumec Phono Solar is a member of SINOMACH China which is a member of Global Fortune 500, with diversified interests in Australia. Sumec Phono Solar had the privilege of being one of the first Chinese manufacturer modules recognised by Bloomberg and since this time have had quality related awards with DNV-GL Top Performer and recognition of meeting Blue Chip Solar panel criteria.

An installation from **Sumec Phono Solar Diamond Dealer** Network certified integrator means;

- You are getting a premium quality install that follows Sumec Phono Solar installation guidelines.
- Diamond Dealers are committed to running a financially sustainable enterprise with a focus on value and the ability to support Sumec Phono Solar customer after sales care where required.
- Diamond Dealers are recommended to attend continued professional development including webinars, tutorials, group training.
- Sumec Phono Solar recommends the use of high quality inverter/racking and sub installation componentry with our solar panels.
- The Diamond Dealer agrees to a high ethical commitment to both the solar industry and the end customer and respects Australian Consumer Law and their responsibilities to the Australian consumers.

Any representations made by Diamond Dealers outside of these terms of reference are from the Diamond Dealer installer individually. We would ask customers to refer and read closely Sumec Phono Solar Australia warranty document, this outlines manufacturer support to Installer Integrator Partners (Diamond Dealers).
